PUBLIC ANNOUNCEMENT TO SS BENEFICIARIES

The Social Security Administration wishes to inform all SS beneficiaries that Supplemental Benefits will be on “HOLD” effective this May 01, 2022. We ask each beneficiary to make sure that a reduction of supplemental benefit amounting to \$100 to \$150 from your monthly benefits did not affect your existing allotments to various payee. If your current allotments exceeds your monthly benefit without the supplemental benefit, the system will automatically apply deductions starting with lesser amount until the balance is no longer available for further allotment. Any remaining balance will automatically directed to your bank account and/or check. Therefore, please make sure that your allotments from SS benefits applied without issues or visit our SS Office to make necessary adjustments based on the change of your SS benefit.

The supplemental benefit “On Hold” will remain until the Social Security Administration establishes a sustainable funding source or policy that will enable the Fund to pay all SS beneficiaries their actual benefit including the supplemental benefits.
